

Because every child should get to celebrate one day a year....  
even children in foster care,

CASA (Court Appointed Special Advocates) of Johnson & Wyandotte Counties has a wonderful idea to help abused and neglected children in foster care. We are making "Birthday Boxes" for children who are in foster care living outside their homes. Frequently, these children get left out on important days like birthdays. The birthday boxes or bags will be filled with such things as a gift, streamers, napkins, paper plates, party hats, balloons, a birthday card, and gift cards for pizza and/or cake. Every child should know how much fun it is to have a birthday party and CASA is very excited about the idea of creating a 'birthday party in a box' for children to have something to celebrate!

If you or your group would like to volunteer by donating birthday items or gift cards for these special children, please contact Nina Kimbrough, 913-715-4042 or [nkimbrough@casajwc.com](mailto:nkimbrough@casajwc.com)
